PROFESSIONAL SUMMARY

Application Support and software development-oriented BCA graduate with internship experience in web applications, API integration, testing, troubleshooting, and collaborative development. Skilled in Python, SQL, JavaScript, Git, and debugging workflows with knowledge of SDLC, Agile practices, deployment workflows, Linux fundamentals, and network concepts. Strong analytical and problem-solving abilities with interest in Production Support, Incident Resolution, DevOps, and system reliability.

TECHNICAL SKILLS

Python, JavaScript	Git, GitHub, Version Control
SQL, MySQL	CI/CD Concepts, Agile/SDLC
REST APIs, API Testing	AWS Fundamentals
Linux/UNIX Fundamentals	Troubleshooting & Debugging

EXPERIENCE

Process & Web Development Intern | JIVOJAS Pvt Ltd | Jun 2025 – Jul 2025

- Supported responsive web application development and maintenance using HTML, CSS, JavaScript, and React.js.
- Performed debugging, issue resolution, and testing to improve reliability and usability.
- Integrated frontend components with backend APIs and collaborated in Agile workflows.
- Used Git/GitHub for version control and deployment coordination.

PROJECTS

- AI-Powered Resume Generator** – Built AI-integrated web app using Python and Google Gemini APIs with testing and workflow optimization.
- Loan Management System** – Developed SQL-driven loan workflow and reporting application.
- ChefBot** – Created Python-based conversational assistant using NLP and automation logic.

EDUCATION & CERTIFICATIONS

BCA | Kristu Jayanti College | 2023–2026 | CGPA: 8.33

Deloitte Data Analytics | IBM Prompt Engineering | Python & AI Development | Infosys Network Fundamentals | NASSCOM FutureSkills

CORE COMPETENCIES

Application Support | Production Support | Incident Resolution | Troubleshooting | Linux | SQL | API Integration | Testing | Git | CI/CD | Agile | Problem Solving
